PIMA KEYPADS
LCD / LED DISPLAY

PIMA's keypads are the interface to PIMA's advanced control panels.
PIMA's line of keypads has been designed to provide both installers and end-users with easy and fast installation/operation experience.
PIMA's LCD keypads are strongly recommended for benefiting the most from the high-end features of PIMA control panels. PIMA keypad range fits to connect to all PIMA's panels and all PIMA panels are fully functional with LED keypads.
