

RXN-800

The slim keypad

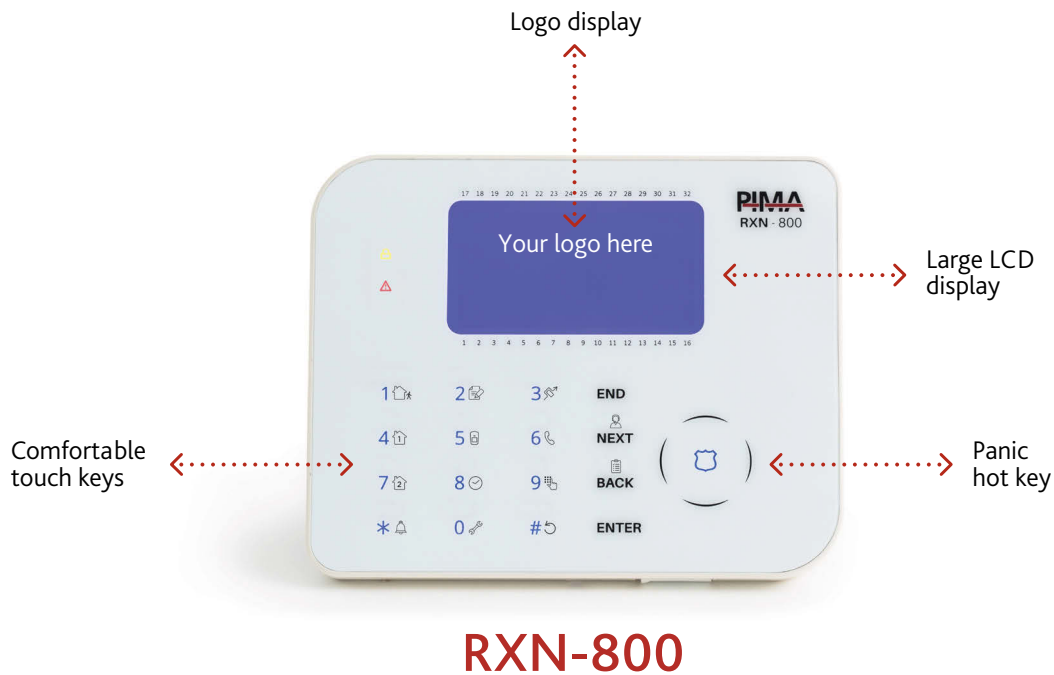

Ultra Slim, Beautiful and Stylish

The ultra slim RXN-800 is PIMA's new touch keypad designed with your comfort in mind. The sleek stylish keypad comes in a white case that will blend in beautifully with any interior design.

Ultra-Simple

The RXN-800 touch keypad enables simple, quick and error-free installation, programming, and use. In fact, its highly intuitive menus guide you through actions and settings, completely eliminating the need for a manual.

PIMA
